TONG SENG PRODUCE'S COMMITMENT

TO SUSTAINABLE PALM OIL CONSUMPTION

Tong Seng Produce Pte Ltd is committed to ensuring that 100% palm oil used on all properties are certified sustainable, recognizing the social and environmental importance of supporting the production of sustainable palm oil.

Tong Seng Produce commitment includes:

- By Year 2018: Join RSPO as a member of the palm oil supply chain
- By Year 2018: 100% palm oil imported and distributed to our consumer market (Retailers) will be certified sustainable from segregated sources by SASPO's recognized certifying body.
- By Year 2025: 100% palm oil imported and distributed to our F&B market will be certified sustainable from segregated sources by SASPO's recognized certifying body.

In order to achieve our commitment, we shall:

- Communicate our palm oil commitment with our suppliers to enquire on their usage of certified sustainable palm oil in their products by Year 2019.
- Document the use of palm oil and palm oil derivatives on all properties, including:
 - Quantifying the volume of palm oil imported for local distribution by Year 2020
 - Identifying all cooking oil products used that contains palm oil as an ingredient by 2020
- Inform our suppliers who are not certified sustainable the intent to source from sustainable sources by Year 2025

We will work towards ensuring that all palm oil imported and distributed are aligned with the above commitment subject to market availability and ease of procurement of products containing sustainable palm oil. We are also a member of SASPO and will work together with other members to support the production, trade and usage of sustainable palm oil.
